

# Palm News!

Ms. Anna's 4th Grade Class

## Opening Statement

Our class is in full swing now, our students are beginning to settle into their daily routines and are beginning to work both intrinsically and in a community. We've been working hard on problem solving, conflict resolutions and etiquette in the classroom. We are looking forward to the weather getting cooler as we go later into the year. We will continue to update you on when the school will be reopening.

While we continue distance learning we would like to commend the parents and children for their hard work, completing the lessons we assign through Google Classroom and participating during our Zoom meetings. We would like to remind the parents and the students that during our Zoom meetings we need the students to enter the meeting using their name so we know who is entering our Zoom meeting.

Thank you again for working alongside us during our distance learning. We appreciate all the parents!

## Teacher Communication

- Ms. Anna  
apulido@sbmontessoricharter.com

## Our Lessons

In Social Studies, the students will be learning the symbols of Florida and early Florida History. We will also be celebrating Hispanic Heritage month. The students will be learning when it was created and learn about historical hispanic figures.

In Physical Science, students will be continuing to learn about types of energy with chemical changes, change in motion, vibration (sound energy) and energy in water.

## Helpful Dates

- 
- A decorative pattern consisting of numerous small, solid-colored circles (dots) in yellow, orange, and white, scattered across a dark, textured background. The dots are of varying sizes and are distributed throughout the entire image, creating a festive, confetti-like effect.
